16 OCT 1939
SERIAL
SEPARATE

Containing Numbers 1 to 6,
January to June, 1939

1——J. N. 86866-1,405 (8/39)

INDEX

Volume XCII January to June, 1939

Number	Month	Pages
1	January	1–70
2	February	71–138
3	March	139–202
4	April	203–260
5	May	261–326
6	June	327–392

A

Achatina fulica Fer. (the giant snail), control by " meta-bran ", 222

Agricultural Shows, All Ceylon, 132

Ammonia, loss from fertilizer mixtures containing sulphate of ammonia and mineral phosphates, 220

Animal Disease Return, 68, 136, 201, 259, 325, 391

Ankenda, Cyminosa pedunculata, 74, 76

Apiary, management of the, 94

B

Bagging of fruits, for the control of fruit-fly, 286

Bait, poison, for the control of fruit-fly, 283

Beekeeping, the management of a modern apiary, 94

Beekeeping notes, 34

Beet, 101

Board of Agriculture, report of the proceedings of meetings of the, 128, 377

Butter, clarified, 61

C

Cabbage, 101

Cacao beans, the insect infestation of, 139

Calopogonium mucunoides, 4, 5, 372

Capsicum frutescens L., chillies, 156

Carrot, 101

Cashew-nut industry in India, the development of the, 176

Cassia tora Lim., 83

Caterpillar, coconut, a note on the, 163

Cattle, multiple births in Ceylon, 348

plough, 130

Show, All-Ceylon, 131, 203, 234

Cauliflower, 102

Celery, 102

C

Central Board of Agriculture, report of the proceedings of meetings of, 128, 377

Centrosema pubescens, 372

Ceratitis capitata, Mediterranean Fruit Fly, 32

Chillies, manurial and cultural experiments on, 339

the influence of spacing, ridging and seedling number per hill on the yield of, 156

Chilli leaf-curl, 23

Cinchona (Editorial), 327

Citronella oil lure, 282

Citrus culture in Ceylon, some soil and manurial problems of, 216

fruit fly of, 281

fruit juices, the preservation of, 48

industry of America, the, 353

root development, 4

trees, the fertilization of, 239

Coconut caterpillar in the Batticaloa District, a note on the, 163

Coconut crops, Ceylon's, 330

Coconut Research Scheme, minutes of the, 387

Cold storage of fruits and vegetables, the, 249,

Colonial Directors of Agriculture, proceedings of conference of, 165

Composting, 134

Conference of Colonial Directors of Agriculture, 1938 (Editorial), 71

Conference of Colonial Directors of Agriculture, conclusions and recommendations, 165

Conservation, soil, 36

of soil and water, vegetation, climate and, 336

Contour ridges, 40

INDEX

C

Cover crops, 372
effects on root development of citrus, 3
Cremastogaster dohrni (S. *Kodaya*), 34
Crotalaria, 6
Crotalaria juncea, 12, 87
Cyminosa pedunculata (S. *Ankenda*), 73, 76

D

Dacus ferrugineus, citrus and mango fruit fly, some suggestions for the control of, 281
Departmental Notes, 31, 94, 222, 288, 348
Development of the cashew-nut industry in India, the, 176
Dolichos hosei, Sarawak bean, 373

E

Editorial 1, 71, 139, 203, 261, 327
Educated men, settlement on the land, 189
Ephestia, infestation of stored cacao in Ceylon by, 139, 141
Erosion, soil, 89

F

Farm manure, 58
Farming as a career for educated young men, formulation of a scheme of, 132
Fertilizers containing sulphate of ammonia and mineral phosphates, loss of ammonia from, 220
for citrus, 12, 13, 239
Food crops, growth in the vicinity of estates, 129
Food in the tropics, 308
Food production, 133
Forests of the Matara, Galle and Kalutara Districts, soils of the, 264
Fruit-fly of citrus and mango, some suggestions for the control of, 281
Mediterranean, 32
Fruit, fresh, regulations regarding the import into Ceylon, 32
Fruit trees, cultivation of, 3
Fruits, the cold storage of, 249
factors affecting the setting of, 114
Fumigation of plants imported to Ceylon, 291
exported from Ceylon, 293

G

Ghee, 61
Giant snail, control by " meta-bran ", 222
Grass for Ceylon pastures, introduction of a new, 376
Green manures for paddy in the dry zone of Ceylon, 83

H

Hal (*Vateria acuminata*), 74, 76
Horticulture, Scientific (Review), 390

I

Imperial bureau of dairy science, 126
Import of plants to Ceylon, legislation regarding, 288
Indigofera endecaphylla, 4, 5, 12, 373
Infestation of cacao beans by insects, 139
stored cacao in Ceylon, 141
Influence of spacing, ridging and seedling number per hill on the yield of chillies (*Capsicum frutescens* L.), the, 156
Insect infestation of cacao beans, the (Editorial), 139
International Bibliography of Agricultural Economics (Review), 198

J

Jaggery, kitul, 73
preservation of treacle and, 80

K

" Kalutara-snail " *Achatina fulica* Fer., control by " meta-bran ", 222
Kitul (*Caryota urens*) jaggery and treacle, investigations on the keeping quality and storage of, 73
Kodaya (*Cremastogaster dohrni*), 34
Kohl-rabi, 103

L

Leaf-curl, chilli, 23, 28
Legislation on soil conservation in various countries, 224
regarding import of plants to Ceylon, 288
Lepidiota, 62
Les Sols de l'Afrique Centrale, Specialement du Congo Belge (Review), 199
Lettuce, 103
Loam, Tunukkai black heavy, 16
Delft calcareous, 18
Hambantota brick-red, 18
Middeniya red-brown, 9
Kiliveddi sandy, 20

M

Man *vs.* Beast (Editorial), 261
Mango, fruit fly of, 281
Manure, artificial, the production on the farm, 58
green, 83
Manurial problems of citrus culture, 216
Mediterranean fruit fly, *Ceratitis capitata*, 32
" Meta-bran ", control of the giant snail by, 222

INDEX

M

Meteorological report, 69, 137, 202, 260, 326, 392

Mikania scandens, 373

Milk, rejection of the first-drawn, 305

N

Nutrition, soil, 186

O

Onion, 103

economic and agronomic considerations in the profitable local production of, 205

Oryctes (Rhinoceros beetle), 62

Oryza sativa L. (Rice), a multiple seeded variety of, 279

P

Paddy cultivation in rain-fed lands in the Eastern Province, the control of, 134

green manures for, 83

Papaw or papaya (*Carica papaya*), 119

Papaya (*Carica papaya*), 119

Pastures, introduction of a new grass for Ceylon, 376

Pears, 103

Phaseolus, 6

lathyroides, 86, 88

mungo, 12

Plant injection for diagnostic and curative purposes (Review), 200

Planting notes, seasonal, 302, 350

Plant refuse, burying of, 62

Plants, the propagation by seeds and cuttings, 124

Plough cattle for the requirements of paddy cultivation, 130

Potato, 104

Poultry, care of growing stock, 110

distribution in the villages, 32

Preservation of citrus fruit juices, the, 48

Propaganda, agricultural, (Editorial), 1

Propagation of plants—seed *vs.* cuttings, 124

Pueraria phaseoloides, 373

R

Regulations regarding the import of fresh fruit into Ceylon, 32

Report, meteorological, 69, 137, 202, 260, 326, 392

Return, animal disease, 68, 136, 201, 259, 325, 391

Rhinoceros beetle, 62

Rice, a multiple seeded variety of, 279

P

Ridges, contour, 40

Rubber Research Board, minutes of, 63, 192, 313

S

Sarawak bean, *Dolichos hosei*, 373

Scritothrips dorsalis, 29

Seasonal planting notes, 302, 350

Sesbania speciosa, 86

Setting of fruits, factors affecting the, 114

Settlement of educated men on the land, 189

Show, All-Ceylon Cattle, 131

Shows, All-Ceylon Agricultural, 132

Soil conservation, 36, 106, 336, 365

legislation in various countries on, 224

Soil erosion and soil fertility, 89

nutrition, 186

Soils, Ceylon, studies on, 16

of the wet zone forests of the Matara, Galle, and Kalutara Districts, 264

Soils and men : Yearbook of Agriculture, 1938 (Review), 66

Sources of *Ephestia* infestation of stored cacao in Ceylon, the, 141

Sour cream method of making clarified butter (ghee), 61

Spinach, 104

Statistical technique in agricultural research (Review), 323

Stock, care of, 110

Strip-cropping, 45

T

Tea Research Institute of Ceylon, Minutes of the, 195, 316

Tephrosia purpurea Pers. 83, 87

vogelii, 62

villosa Pers., 87

Treacle, Kitul, 73

Trichospilus pupivora, 163

Turnip, 104

V

Vateria acuminata (S. *hal*), 74, 76

Vegetable marrow, 105

seeds, the supply of, 31

trials at Lover's Leap, Nuwara Eliya, 100

Vegetables, the cold storage of, 249

W

Water and soil conservation, vegetation, climate and, 336

Y

Yearbook of Agriculture, 1938, Soils and Men (Review), 66
